

Total switchgear solutions

ensure the long-term
operation of your plant.

Effectively managing critical electrical distribution equipment is essential to continue the safe, reliable, long-term operation of the nuclear fleet.

Framatome's team is proud to provide you with innovative switchgear lifecycle management solutions, including turnkey electrical distribution equipment upgrades and protective relay replacements.

With more than 20 years of experience as a nuclear electrical systems integrator, we draw upon unparalleled in-depth knowledge, equipment qualification expertise and strong relationships with premier equipment manufacturers.

You can count on our team to deliver solutions to improve asset reliability and reduce lifetime maintenance costs.

Together, we're continuing to write stories of success. Read the whole story at [framatome.com/stories](https://www.framatome.com/stories).

**Your performance
is our everyday commitment**
