

## Going Beyond

Ensure the long-term operation of your plant.

To operate your plant well into the future, maintaining excellence in safety and performance will continue to be the priority. You may need improved asset and aging management, instrumentation and control modernization, or better fuel solutions.

Framatome partners with you to ensure the safe, long-term operation of your plant and contribute to a carbon-free future by 2050. Our teams can help you prepare for plant longevity and put a plan in place to more efficiently expand the value of your assets. We have the experience to help. Go for the long-term. Go Beyond.

Together, we're continuing to write stories of success. Read the whole story at [framatome.com/stories](https://www.framatome.com/stories).
