

# SAFETY - THE KEY TO OUR SUCCESS

Our reputation is directly related to the quality of our products. Behind that quality workmanship is a safe team network committed to providing the highest quality products. At Petersen Inc., every team member is an integral part of our safety program. We are also taking the threat presented by the new Coronavirus, COVID-19, very seriously and taking proactive measures to protect our team members, customers, and suppliers. We are open for business and are strictly following the guidelines by our local state and national leaders, as well as implementing and following the guidelines from the CDC. During this pandemic we may not be shaking hands, but we are signing purchase orders. How can we be of service to you?
