Workforce Solutions

We design and deliver workforce solutions to meet our customers' unique needs for contract and permanent staff, whether for single placements or high-volume engagements. Our dedicated "nuke squad" team of operations staff and recruiters, coupled with advanced technologies, quickly deliver the talent needed for plant operations, capital projects, new construction, repair and maintenance, refueling outage services and plant decommissioning. Our capabilities provide:

- Technical talent with the necessary credentials including security cleared personnel up to the top secret level
- Scale and flexibility through our Managed Staffing Program and Recruitment Process Outsourcing models driving speed and cost-savings
- Integrated talent workflow with other providers through our proprietary VMS technology to simplify the delivery process across all stakeholders

Turnkey Services

Our turnkey services are customized to meet our customers' varying needs across a wide spectrum of specialized and technical capabilities including:

- Advanced NDE including PT, MT, VT, Microwave, UT and RT, including PAUT and computer-aided RT services via our exclusive partnership with Evisive, LLC
- QC inspection services delivered by certified personnel
- NDE, QC, CWI and pipeline inspection training at our certified training center
- Management resources for construction and capital projects, including smart meter installation, smart grid integration services, project scheduling, and project controls
