

generalfusion

WE'RE HIRING!

General Fusion is on the fastest path to commercializing fusion energy – but we need help to get there. We're hiring across a variety of job disciplines to support us as we work to build a Fusion Demonstration Plant, and ultimately, get fusion energy on the grid.

With competitive salaries and benefits, and a fast-paced work environment – we're looking to add nearly 100 new members to our team in the coming year.

ROLES WE ARE RECRUITING FOR:

- DESIGN ENGINEERS
- PLASMA PHYSICISTS
- COMPUTATIONAL SCIENTISTS
