Benjamin Caleca has been assigned to the Hanford Site as a resident inspector for the Defense Nuclear Facilities Safety Board. Caleca has been a member of the DNFSB's technical staff since May 2010 and most recently served as an engineer in the Nuclear Programs and Analysis Group.

NRC

The Nuclear Regulatory Commission has announced several leadership changes. **Daniel H. Dorman** will become deputy executive director for reactor and preparedness programs following the retirement of **Michael R. Johnson**; **K. Steven West** will become deputy executive director for materials, waste, research, state, tribal, compliance, administration, and human capital; **Darrell J. Roberts** will become regional administrator for Region III, replacing West; and **John B. Giessner** will replace Roberts as the Region III deputy regional administrator.

EPA

Arthur A. Elkins Jr. has stepped down from his post as inspector general at the Environmental Protection Agency. Elkins, who served in the position for the past eight years, plans to take a job outside of the federal government. The EPA's deputy inspector general, **Charles J. Sheehan**,

will serve as acting inspector general until a permanent replacement is nominated by the president and confirmed by the Senate.

Utilities

Michael Skaggs has been named chief operating officer of the Tennessee Valley Authority. Skaggs has 35 years of experience in the utility business, including over 25 years at TVA. He most recently served as executive president of operations. **Timothy Rausch** has been named TVA's chief nuclear officer. Rausch formerly served as senior vice president and chief nuclear officer for Talen Energy's Susquehanna nuclear plant. **William D. Johnson**, TVA president and chief executive officer, has announced his plans to retire. Johnson, who joined TVA in 2013, will remain CEO through the period of selection and orientation of his successor.

Thomas N. Mitchell has been elected chairman of the World Association of Nuclear Operators, effective March 1. He will replace current WANO chairman Jacques

Mitchell
Atlanta Centre.

Régaldo. Mitchell, who served as president and chief executive officer of Ontario Power Generation from 2009 to 2015, chaired WANO's post-Fukushima Daiichi committee in 2011 and has served as deputy director of the WANO

Brad Berryman has been promoted to senior vice president and chief nuclear officer of Talen Energy, where he is responsible for overseeing the Susquehanna nuclear power plant near Berwick, Pa. Berryman joined Talen in February 2017 as site vice president at Susquehanna. He was previously the general manager at NextEra Energy Resources' Turkey Point plant in Homestead, Fla.

Jim Connolly has been named STP Nuclear Operating Company's chief nuclear officer. Connolly, who has more than 34 years of experience in the nuclear industry, had served as site vice president at the South Texas Project nuclear power plant since 2016. ■
