

Space Nuclear Industry Symposium (SNIS) & Networking Reception

Under the auspices of

The United States Nuclear Industry Council
American Nuclear Society's
Nuclear and Emerging Technologies for Space (NETS 2024)

Wednesday, May 8, 2024 | Santa Fe, NM

Sponsorship Prospectus

Overview:

Join us for the U.S. Nuclear Industry Council's (USNIC) Space Nuclear Industry Symposium (SNIS) being held at ANS NETS 2024!

The event brings together industry, government, and other business leaders to discuss ongoing activities and plans to support a rapidly growing and exciting space economy.

The USNIC SNIS will be held Wednesday during the 2024 NETS conference and planned in close coordination with the NETS organizers. It provides attendees a unique first-of-a-kind opportunity to hear from, and exchange opinions with, industry leaders and other experts in space nuclear power and propulsion on the future and potential contributions of these technologies to the space economy as a whole.

Networking Reception at the Palace of the Governors:

USNIC is hosting an evening networking reception at the New Mexico History Museum (NMHM), home of the Palace of the Governors, which will be open to all NETS 2024 participants. Situated on the north side of the historic Santa Fe Plaza, the Palace of the Governors is a beloved icon, complex symbol, and anchor for the New Mexico History Museum. Dating back to 1610, the Palace is the oldest public building in continuous use constructed by European settlers in the continental United States. Built by the Spanish for colonial administration, the structure has been extensively modified over the centuries to meet changing needs and stylistic interests. In addition to Spanish colonial life, the Palace has associations

with the Pueblo Revolt (1680–1692), a brief period of Mexican rule (1821–1848), settlement as an American territory (1848–1912), and statehood for New Mexico (1912–present).

This is your opportunity to highlight your organization as a leading pioneer in this new frontier of nuclear and emerging technologies for space exploration and why the sky is no longer the limit in what your organization can accomplish.

SPONSORSHIP OPPORTUNITIES:

GEMINI SPONSOR – \$10,000

- Company logo on SNIC materials & promotional collaterals at the Symposium and Networking Reception
- Premium recognition during the SNIS proceedings and Networking Reception
- Company logo slide during break
- Two (2) full NETS 2024 conference registration
- Two (2) one-day registrations for NETS 2024 on May 8 (SNIS proceedings)

MUSEUM SPONSOR – \$5,000

The Museum Sponsorship will showcase your organization's support of history by opening the Palace of the Governors portion of the New Mexico History Museum (NMHM) for guest to enjoy during the networking reception and include signage with your company logo as the Museum sponsor, in addition to the following.

- Company logo on SNIC materials & promotional collaterals at the Symposium and Networking Reception
- Enhanced company recognition during the SNIS proceedings and Networking Reception
- Company logo slide during break
- One (1) one-day registration for NETS 2024 on May 8 (SNIS proceedings)

APOLLO SPONSOR – \$5,000

- Company logo on SNIC materials & promotional collaterals at the Symposium and Networking Reception
- Enhanced Recognition during the SNIS proceedings and Networking Reception
- Company logo slide during break
- One (1) full NETS 2024 conference registration
- One (1) one-day registrations for NETS 2024 on May 8 (SNIS proceedings)

EXPLORERS SPONSOR – \$3,000

- Organization signage at the Symposium
- Recognition during the SNIS proceedings
- Company logo slide during break
- One (1) one-day registration for NETS 2024 on May 8 (SNIS proceedings)

Please Note: Limited opportunities are available for this exclusive sponsorship.
