

LOW-TEMPERATURE NUCLEAR HEAT (Presented at Helsinki University of Technology, Otaniemi, Finland, August 21-24, 1977)

PART ONE

- 9 Foreword: Low-Temperature Nuclear Heat / *Morton E. Wacks*
- 10 Preface: Low-Temperature Nuclear Heat / *Risto Tarjanne*

TECHNICAL PAPERS

- 11 Economics and Potential Use of Low-Temperature Nuclear Heat / *D. Oesterwind*
- 19 U.S. Department of Energy Programs to Evaluate Applications of Heat from Nuclear Reactors / *W. F. Savage, J. Spiewak*
- 25 A Summary of U.S. Activities in Low-Temperature Reject Heat Utilization / *Warren F. Witzig, David R. DeWalle*
- 35 Heat Extraction from Nuclear Power Plants / *Gerhard Deuster, Peter Zenker*
- 41 The Optimization Problems in a Large Nuclear Heat-and-Power Plant Connected to a Developing District Heating System / *Jacek Marecki, Rudolf Krajewski, Andrzej Reński*
- 50 District Heating in Greater Stockholm / *Lars Jäderberg*
- 54 Investigations Concerning Nuclear Energy in the Combined Production of Electricity and Heat in the Helsinki Metropolitan Area / *M. Aho, H. Hiidenpalo, M. Seppä, O. J. A. Tiainen, L. Nevanlinna, R. Perander*
- 62 A Duplex Chemical System for the Storage and Container Transport of Heat for District Heating / *M. Taube*
- 69 Multi-Stage-Flash Desalination Plants of Relative Small Performance with Integrated Pressurized Water Reactors as a Nuclear Heat Source / *Gerhard Petersen, Michael Peltzer*
- 75 Measures to Ensure the Possibility of Future Heat Supply from the Kaiseraugst Nuclear Power Station / *Janos Fazekas, Mirko Mamuzic*
- 83 Soil Warming for Utilization and Dissipation of Waste Heat in Pennsylvania / *David R. DeWalle, Andrew M. Chapura, Jr.*

(Continued)

ON THIS COVER

This month's cover shows half of the main building of the Helsinki University of Technology, Otaniemi (near Helsinki), where the Topical Meeting on Low Temperature Nuclear Heat was held August 21-24, 1977. The other half will be on the cover of the Mid-April issue of *Nuclear Technology*. These two issues comprise the proceedings of this meeting.

CONTENTS / APRIL 1978—VOL. 38, NO. 1

(Continued)

- 90 Experience Gained in France on Heat Recovery from Nuclear Plants for Agriculture and Pisciculture / *P. Balligand, P. Le Gouellec, M. Dumont, A. Grauby*
- 97 Front Heat Extraction / *Ph. Aussourd*
- 104 District Heating from Nuclear Power Plants / *J. Bogen, K.-H. Schüller*
- 113 Steam Turbines for District Heating in Nuclear Power Plants / *Helmut J. Mühlhäuser*
- 120 Nuclear Steam Turbines for Power Production in Combination with District Heating and Desalination / *Bjarne Frilund, Knud Knudsen*
- 126 Safety Evaluation of the SECURE Nuclear District Heating Plant / *Jean-Pierre Bento, Tuomas Mankamo*
- 135 Risk Assessment of Urban-Sited Heating Reactors / *I. Savolainen, R. Tarjanne, S. Vuori*
- 144 Core Design and Dynamics of the SECURE District Heating Reactor / *Hans Gransell, R. Höglund*
