

NUCLEAR SCIENCE AND ENGINEERING®

VOLUME 103, NUMBER 1, SEPTEMBER 1989

CONTENTS

TECHNICAL PAPERS

- | | | |
|----|--|---|
| 1 | Angular Fokker-Planck Decomposition and Representation Techniques | <i>Mark Landesman,
J. E. Morel</i> |
| 12 | Advanced Methods Comparisons of Reaction Rates in the Purdue Fast Breeder Blanket Facility | <i>R. N. Hill, K. O. Ott</i> |
| 25 | Directional Effects in Transitional Resonance Spectra and Group Constants | <i>R. N. Hill, K. O. Ott,
J. D. Rhodes</i> |
| 37 | The Interaction of Fast Neutrons with Beryllium | <i>M. Sugimoto,
P. T. Guenther, J. E. Lynn,
A. B. Smith, J. F. Whalen</i> |
| 46 | Experiment and Analysis of Neutron Spectra in a Concrete Assembly Bombarded by 14-MeV Neutrons | <i>Koji Oishi, Yujiro Ikeda,
Hiroshi Maekawa,
Tomoo Nakamura</i> |
| 59 | On the Liner Failure Potential in MARK-I Boiling Water Reactors | <i>M. S. Kazimi</i> |
| 70 | Post Critical Heat Transfer Predictions Using a Modified RELAP5/MOD2 Computer Code | <i>Yassin A. Hassan</i> |
| 81 | Probabilistic Methods for Evaluating Operational Transient Margins and Uncertainties | <i>R. S. May, J. M. Sorensen,
R. E. Engel</i> |

TECHNICAL NOTE

- | | | |
|----|--|-------------------|
| 94 | On the Numerical Solution of the Point Reactor Kinetics Equations by Generalized Runge-Kutta Methods | <i>J. Sánchez</i> |
|----|--|-------------------|

LETTERS TO THE EDITOR

- | | | |
|-----|--|-------------------------|
| 100 | Comments on "An Assessment of Steam-Explosion-Induced Containment Failure. Parts I-IV" | <i>J. Hopenfeld</i> |
| 100 | Response to "Comments on 'An Assessment of Steam-Explosion-Induced Containment Failure. Parts I-IV'" | <i>T. G. Theofanous</i> |

(Continued)

CONTENTS

(Continued)

- | | | |
|------------|---|---|
| 101 | Comments on Fuel-Coolant Premixing Modeling | <i>D. F. Fletcher,
A. Thyagaraja</i> |
| 102 | Response to "Comments on Fuel-Coolant Premixing Modeling" | <i>T. G. Theofanous,
W. H. Amarasooriya</i> |
| 103 | Response to "Comments on Fuel-Coolant Premixing Modeling" | <i>Michael L. Corradini</i> |
| 105 | Response to "Comments on Fuel-Coolant Premixing Modeling" | <i>T. G. Theofanous</i> |
| 106 | Comments on the Fuel-Coolant Premixing Debate | <i>M. F. Young</i> |
| 107 | Response to "Comments on the Fuel-Coolant Premixing Debate" | <i>T. G. Theofanous</i> |
