

## Corrigenda

WILLIAM B. TERNEY, "Albedo-Adjusted Fast-Neutron Diffusion Coefficients in Reactor Reflectors," *Nucl. Sci. Eng.*, **57**, 239 (1975).

Equation (9) should read

$$G_{\text{water}} = \frac{1 + (3/8\kappa R)}{1 - (1/8\kappa R)} .$$

W. BENNETT LEWIS, GORDON C. BALL, H. C. LEE, and I. S. TOWNER, "Annual Review of Nuclear Science," (Review), *Nucl. Sci. Eng.*, **57**, 347 (1975).

The proverbial louse, in a perplexing action, transformed (Max) Born into Boron in the record of Dr. Towner's interests. The Editorial Staff offers its apologies.
