Navigating Nuclear STEM Resources

High School Resources:

- Digital Lesson Plans
- STEM Project Starters
- [Virtual Field Trip of Idaho National Laboratory](#)

Middle School Resources:

- Digital Lesson Plans
- STEM Project Starters
- Career Profiles

Elementary Resources Launching During Nuclear Science Week

DOE has partnered with American Nuclear Society (ANS) and Discovery Education (DE) to support High School Resources (2019-2020) and *Elementary School Resources (2020-2021)*

Office of Legacy Management -Atomic Legacy Cabin (ALC) Grand Junction, Colorado

“Radiation —
Energy in Motion Program”

- Middle school students nationwide can enjoy a video classroom presentation about radiation and its role in nuclear science from a DOE expert. The package includes teacher and student educational packets filled with fun activities for a complete science lesson available at home or in the classroom.
- The video and materials will be available by October 16 on the ALC website: <https://www.energy.gov/lm/atomic-legacy-cabin>.

Oak Ridge Institute for Science and Education (ORISE)

The Harnessed
Atom

[Middle School Curriculum](#) on energy science and nuclear energy for classroom instruction includes:

- Lessons and Activities
- Teacher Presentations
- Online Interactive Games
